

Sohra Government College

Information Technology (IT) Policy:

IT is an essential part of learning and teaching process. Every student deserves the right for digital accessibility. Therefore, the College strives towards establishing a platform to fully realize the potential of Information Technology that will help the teaching-learning process as well as the management of the institution.

- Make available IT infrastructure in the Campus, including the College Library, management and administration.
- Equip teachers and students with latest IT facilities in the campus
- Equip the College administration with digital dissemination of information
- Encourage eco-friendly digital practices and paperless administrative work.
- Equip and facilitate the campus for online transaction such as payment of fees, etc.
- Equip teachers with IT facilities to digitally monitor, follow-up and maintaining of students' attendance, progress etc

The College has constituted a IT Committee to ensure the realization the various objectives of College IT Policy. Teachers are students will be made available hands-on training to make full use the e-resources available with the Library. Annual orientation programme on IT will be organized to familiarize teachers with various aspects of ICT in their teaching activities. Students and Teachers are given specific rules for usage of the IT facilities of the College so as to prevent unlawful and irresponsible appropriation of the same.
