Green Policy Document

Sohra Government College is located in an area which is world renown for its picturesque landscape and waterfalls. Surrounded with such a background the college is also committed to maintain and sustain a healthier and safer environment for its community.

Therefore, the college had come up with the following Vision to be environmentally responsible:

- To try and use an alternative form of energy, i.e. solar energy.
- To try and reduce waste material.
- To create environmental awareness among the student community.
- To promote positive, safe and healthy environmental ethics within and beyond the college premises.
- To take part in various activities related to propagation of environmental development, preservation and conservation.
- To organise campaigns and programmes against environmental pollution of all forms.
- To organise tree plantation programme at least twice a year.
