MIDNIGHT TALE
My midnight tale,
Voiced through my ink,
It has no glitter,
It has no pink!
All dark, riddles,
With little less hint
Have a fight to bless?
Dance not to bliss?
It has no occult vils,
With charming bells to tink
But a little humorous hope,
Waiting somewhere at the brink!
And a craze with soft pillow!
Where all the wonders sink.

Be My Muse
Break my heart,
And be my Muse,
Make me work,
On what you choose
You didn't hurt me,
But left a blissful heart,
Breaking the curse,
Awakening my art,
Bids by my side,
I'll help you out,
Ignite my soul,
I'll spill out loud!
But then don't push me,
In the cold dark world,
Where my love don't bloom,
My art won't hurt.

SIGNIFICANCE OF THE DIRECTIVE PRINCIPLES OF STATE POLICY.

The significance of the directive principles of state policy are the following:

- 1) Conscience of the constitution: The directive principles constitute the conscience of the constitution. Their task is to fix certain social and economic goals for immediate accomplishment by bringing about a non-violence revolution. Through such a revolution the constitution seeks to realize the basic needs of common man and to change the structure of the society. It aims at making the people free in the positive sense.
- 2) Mirror of public opinion: The inclusion of directive principles in the constitution reflects the will of the people whom the constituent assembly represent. Every government has to respect these instrument of instruction which are called principles. No government can ignore them. Though these principles are

2. Define law, what are its various services?

In political science we are concerned with law that regulates the external behaviour of man. The state is distinguished from the society, nation and state association because the state is distinguished because it has coercive power in the form of law. Every state is known as a system of law it maintains.

It is difficult to define the word law accurately because it can be used in the various services. In physics it denotes the sequence of cause and effect. Like the law of motion or gravity. The social and customary in which guide behaviour of man. There are also moral which relate to the question of right and wrong good and bad.

The word law comes from the Saxon root 'lag' which means to set, to place, to define or to fix something in an even manner that is law in something position or impact laid down or set.

According to Oxford English Dictionary 'law' is a rule. The word law

According to Oxford English Dictionary law is a rule of conduct imposed by a sovereign authority.

In a dependence the word law is originated from the Latin word 'jus' that is connected with 'jungere' which means a bond or a link.

Sources of law

The Institution adheres to the academic calendar including for the conduct of CIE

In the beginning of the academic session, an academic calendar is published by the affiliated university. The College then, through its Academic Committee prepares its own academic calendar by adjusting its academic and other extra-curricular activities with the academic calendar of the university. The academic calendar is displayed on the notice board for reference of the students and staffs. It is also uploaded in the college website for all time information of students and other stakeholders. It carries approximate schedules regarding admission process, commencement of classes, dates for internal examination, evaluation process, extra-curricular activities, major institutional events to be organized and dates of holidays.

The institution ensures effective time management and strictly follows timeliness given by the university. The institution carries out effective planning to stick to the academic calendar. This allows the teachers and students to space out their teaching and learning and regular assessment of the same.

The College follows its academic calendar for conducting internal examination. Continuous internal assessment of the student is made by conducting home assignment, surprise test, tutorials, unit test and open book exam.

The Evaluation Committee of the College works on the slots reserved in the academic calendar for internal assessment and prepares and displays the time table well in advance.

Every academic year consist of two semesters. Each semester is to be of 16 (sixteen) weeks. The first Continuous Internal Examination (CIE) is conducted after 8 (eight) weeks of class work. The second Continuous Internal Examination is conducted after 16 (sixteen) weeks of class work. Within the above mentioned 8 (eight) weeks of class work, the concerned syllabus is taught to the students. They are then tested on the same materials.

The institution conducts internal assessment for the students in three different components which carries 25 (Twenty five) marks – test, assignment and attendance. The test is marked out of 10 (ten), the assignment is marked out of 10 (ten) and attendance is marked out of 5 (five). These tests are conducted in evenly spread out intervals in order to avoid pressurizing the students with too many examinations.

An average of both these examinations is calculated to attain the final internal marks of the students. These marks are also utilized to identify the slow learning students and to conduct special tutorial class for such students in order to improve their performance before the final examination.

The assignment given to the students is from the course content itself. Such assignment helps the students to attain extra knowledge as they have to go through on more than three books on a particular topic in order to comply with the requirements of a true assignment. Moreover they have to mention at the end of the assignment as to the details of the book they have gone through and used while writing their assignment. The students are to complete the assignment within the time frame to adhere to the university academic calendar.

According to the university rules and regulations, a student has to secure 75% (seventy five percent) attendance in order to qualify for the final examination. Following on such rules and regulation, the college itself in its staff meeting has decide to give 5 (five) extra marks for those students who secured 75% (seventy five percent) attendance so as to boost or encourage them to attend classes regularly.

Following the university calendar, every department prepares their own teaching learning plans to ensure timely delivery of the syllabus. Every teacher follows a strict agenda that is discussed and approved by the head of their respective departments. This is followed by deducing a day-to-day division of units and topics. These units and topics are chosen keeping in mind the upcoming continuous internal examination. The timeline created allows for the teachers to complete the given syllabus in enough time. The students are also given enough

time to prepare themselves before the final examination which is being conducted by the university. Only those students who are absent on valid reasons are allowed to go for internal assessment on a later date.

The following are the important aspects of the academic calendar of the College:

1. Activities of the cultural and sports committee.
2. Planning of internal test of the college.
3. Tentative dates of University final examination.
4. University schedule of vacations, term start and term end dates.
5. State government schedule of holiday.

In case of any required changes, the university communicates the modifications to the colleges and the colleges enforce the same. In any given condition, the academic calendar is followed and respected by teachers of all departments.
