Sir,

With this we would like to inform you that our College, Sohra Govt. College, has been registered with N-List since 2010, but we did not receive the Users IDs/Password.

Our college name is available in the list of the 12B/2F

Thanking You

Yours Faithfully Principal Sohra Govt. College, Sohra

Inflibnet Centre <college@inflibnet.ac.in> To: "Sohra Govt. College Library Sohra" <sohragovtcollegelibrary@gmail.com>

Mon, Feb 1, 2016 at 6:11 PM

Dear Sir,

Your college has been registered in NLIST since 2010 and we have not received the annual membership fee from then. Kindly renew your membership right now. Please download the online quotation from NLIST home page at http://nlist.inflibnet.ac.in/printquotation.php and renew your membership within 15 days.

As per your mail, we have updated your name in our database. But, as soon as we get the membership fee, we will be happy to provide your college Admin userID and password.

Should you experience any difficulty, please mail me at college@inflibnet.ac.in and your query will be immediately attended to.

PS:

Kindly note that, INFLIBNET Centre has developed an interface called "**college Admin Login**" module which allows you to create /edit/delete username and password of your authorized users at your end, you can download all the username and password in excel sheet, track/download usage and payment fee receipt/invoice. The College Admin is responsible for activating/deactivating user's credentials (based on students courseadmission/end date and for Faculty/staff's based on their joining/retirement date). The college will be responsible, if any violation is reported during the access period. The interface is available at N-LIST home page at http://nlist.inflibnet.ac.in/user/login.php If you are not having an admin username and password, please contact INFLIBNET Centre or mail to college@inflibnet.ac.in.

For accessing NLIST e-resources - http://iproxy.inflibnet.ac.in:2048/login (Member login) For college administrator login - http://nlist.inflibnet.ac.in/user/login.php For online quotation - http://nlist.inflibnet.ac.in/printquotation.php For payment receipt - http://nlist.inflibnet.ac.in/ddinfo.php on-Receipt of Users ID/passwords

For authorisation letter - http://nlist.inflibnet.ac.in/downloads.php

Revised Annual Membership Fee & Period

- Registered eligible 12B/2F college is required to pay Rs. 5,000.00 + service Tax (14.5%) extra as annual membership fee.
- Non aided Colleges registered for NLIST Programme are required to pay Rs. 30,000.00 + service tax (14.5%) extra as annual membership fee
- Membership Period is valid for one year i.e. 1 April to 31 March.

With regards, Saroj Kumar NLIST programme

INFLIBNET Centre (An IUC of UGC) Infocity, Opp. DA-IICT Gandhinagar - 382007, Gujarat Phone:079-23268243 Email: college@inflibnet.ac.in (access related) paymentinfo@inflibnet.ac.in (payment related)

### SOHRA GOVERNMENT COLLEGE::SOHRA EAST KHASI HILLS DISTRICT::MEGHALAYA – 793108

Fno.2-1/2016/SGC/LIB-NLIST

Dated: The 8<sup>th</sup> Feb. 2016

То

Shri. Saroj Kumar, NLIST programme INFLIBNET Centre (An IUC of UGC) Infocity, Opp. DA-IICT Gandhinagar – 382007, Gujarat.

Subject: Renewal of NLIST Membership Fee, 2016.

Dear Sir,

I have the honour to inform you that we have received your mail dated Feb. 1, 2016 and we are grateful and thankful to you for updating our college in your database.

With reference to the subject cited above we are sending here the Membership fee for renewing the NLIST Membership, 2016 of our college through a Demand Draft No. 598768 dated 06-02-2016.

Kindly find herewith the received online quotation.

Thanking You

Yours Sincerely

(Shri. D.B.Lynser) Principal, Sohra Govt. College, Sohra Email:sohragovtcollegelibrary@gmail.com

### National Library and Information services Infrastructure of Scholarly Content (N-LIST)

Name and Address of Subscriber To, Principal, Sohra Govt. College, Sohra, Sohra East Khasi Hills..., Sohra, Meghalaya-

Our Ref.: INF/N-LIST/2016/982 Date : 2010-03-17

Dear Sir,

We are pleased to welcome your college as a new user of NLIST Programme subsequent to successful registration. We are thankful to you for your interest in getting access to e-resources through programme entitled "National Library and Information Services infrastructure for Scholarly Content (N-LIST)" college component of the UGC-INFONET Digital Library Consortium (formerly funded by the MHRD under its National Mission on Education through ICT).

The N-LIST programme provides access to more than 6000+ e-journals (with back files for 10 years) and 97,000+ e-books. The resources are accessible from http://nlist.inflibnet.ac.in as soon as a user from your college login. The five dummy login ID and passwords are enclose herewith as Annexure I. The lists of E-Resources are enclosed as Annexure II.

Please note that dummy login ID and passwords will be valid for the period of two months, you are, therefore, requested to send u details of faculty and students of your college in the format given in Annexure – III (preferably as soft copy in Excel format). will be pleased to create additional login accounts and passwords for your students as soon as we get the desired information in the format given in Annexure-III. I am pleased to enclose write-up on "how to access E-resources available through N-LIST Programme" as Annexure IV. The User Guide is also available on website of N-LIST programme. Please visit the link http://nlist.inflibnet.ac.in/userguide.php to download the manual and make copies for distribution.

It may be kindly noted that registered N-LIST members can print Annual Membership quotation online http://nlist.inflibnet.ac.in/printquotation.php by using registered College/Admin email Ids submitted at the time of registration. Members can also track payment status and print payment receipt online only after realisation of DD/ Multicity Cheque and Bank Transfer. The Invoice can be printed after receipt of payments through http://nlist.inflibnet.ac.in/ddinfo.php.

You are requested to kindly visit above mentioned links for printing of quotation, payment receipt and invoice You may kindly send your queries / feedback at college@inflibnet.ac.in or call on + 91-079-2326-8243/8244. Thanking you,

### PS:

Please note that only admin of the college can use 'college Admin' module which is provided at, **NLIST home page at http://nlist.inflibnet.ac.in/user/login.php**, Here Admin can check their DD status, download online receipt / invoice, user datails and college usage.

**Sincerely Yours** 

Ashok Kumar Rai Scientist - D Principal SGC <sohragovernmentcollege@gmail.com>

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | 4<br>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | - # SOHRA GOVERNMENT COLLEGE, SOHRA

East Khasi Hills, Meghalaya (Established on the 10<sup>th</sup> July, 1982)

Ref. No. SGC/LIB/2015

Date Cth August 2015

То

The National Informatics Officer Meghalaya, Shillong.

Application for availing of Library automation (e-granthalaya) at Sohra Government College.

Sir,

Subject:

With reference to the subject mentioned above, I would like to request your kind office to guide and assist Sohra Government College, Sohra to start a Library Automation system and installation of related softwares for its college library. The availability of the mentioned system will help the students of the college and the library management to conveniently access their study materials.

The College shall remain indebted to you for your kind and prompt response in this regard.

Yours faithfully

MS

Sohra Government College Sohra.

A Digital Agenda for Library Automation and Networking

# SOHRA GOVERNMENT COLLEGE, SOHRA

East Khasi Hills, Meghalaya (Established on the 10<sup>th</sup> July, 1982)

Ref. No. SGC/LIB/2015

Date Cth August 2015

То

The National Informatics Officer Meghalaya, Shillong.

Application for availing of Library automation (e-granthalaya) at Sohra Government College.

Sir,

Subject:

With reference to the subject mentioned above, I would like to request your kind office to guide and assist Sohra Government College, Sohra to start a Library Automation system and installation of related softwares for its college library. The availability of the mentioned system will help the students of the college and the library management to conveniently access their study materials.

The College shall remain indebted to you for your kind and prompt response in this regard.

Yours faithfully

MS

Sohra Government College Sohra.

A Digital Agenda for Library Automation and Networking

### **Information Technology (IT) Policy:**

IT is an essential part of learning and teaching process. Every student deserves the right for digital accessibility. Therefore, the College strives towards establishing a platform to fully realize the potential of Information Technology that will help the teaching-learning process as well as the management of the institution.

- Make available IT infrastructure in the Campus, including the College Library, • management and administration.
- Equip teachers and students with latest IT facilities in the campus •
- Equip the College administration with digital dissemination of information •
- Encourage eco-friendly digital practices and paperless administrative work. •
- Equip and facilitate the campus for online transaction such as payment of fees, • etc.
- Equip teachers with IT facilities to digitally monitor, follow-up and maintaining of students' attendance, progress etc

The College has constituted a IT Committee to ensure the realization the various objectives of College IT Policy. Teachers are students will be made available hands-on training to make full use the e-resources available with the Library. Annual orientation programme on IT will be organized to familiarize teachers with various aspects of ICT in their teaching activities. Students and Teachers are given specific rules for usage of the IT facilities of the College so as to prevent unlawful and irresponsible appropriation of the same.

### **Library Policy**

Library is the nucleus of a College. It is one of the academic support facilities that forms an essential part of any Higher Educational Institution. It occupies a prominent position in the college as it serves two complementary purposes, to support the curriculum and to support the further learning of the faculty and student of the College. The College Library is the primary information resource centre and store-house of books, journals, magazines, newspapers and e-resources corresponding to the needs of staffs and students.

Objectives of Library:

- to acquire, organize and update the library collection of learning resources to support teaching-learning process
- to encourage students to reading beyond the requirements of the curriculum.
- To work with faculty in integrating information sources and the use of technology in learning.
- To equip the students and teachers with effective use of learning resources.

In order to cater with these objectives, the College constituted the Library Advisory Committee that shall review the status of the Library in terms of the availability of books and other resources from time to time and workout the modalities for the acquisition of books and any other improvement of the Library. For the smooth functioning of the Library Policy the committee further created the rules and regulation of the Library:

- *1.* No bags, plastic bags, personal books, are allowed inside the Library. However, books, notebooks, pen, mobiles, purse/ wallet are allowed inside the Library
- All students should compulsorily sign the Library Attendance Register/Students' Library Log Book upon entry.
- 3. No book can be taken out of the Library without permission.

- 4. MEMBERSHIP CARD/ LIBRARY CARD IS MANDATORY FOR BORROWING AND RETURNING OF BOOK(S).
- 5. Each student can borrow only 4 books and may be retained for a period not exceeding 7 days.
- 6. A fine of Rs.1/- per day will be charged for each book kept beyond the due date.
- 7. Books may be renewed on request with the discretion of the Librarian.
- 8. Books lost, defaced or torn in anyway will have to be replaced by the borrower.
- 9. Markings or underlines should not be done in the book or its pages
- 10. Students cannot borrow any book on other student's card.
- 11. Mobile Phones are to be switched-off inside Library.
- 12. Silence is to be maintained inside the Library.
- 13. Keep the Library neat and clean.
- 14. Eating, Chatting are prohibited inside Library
- 15. It is mandatory that all books borrowed from Library are to be returned to Library within a week of every semester examination ends else a fine will be charged as per requirements.
- *16.* In-Case a student lost his/her library card has to inform the Librarian. A duplicate card will be issued on payment of Rs.10/- and submit one stamp size photo.

Sport Policy: Ref. No. :

Date : .....

Sports is considered as an important component for the overall personality development of our students at Sohra Government College. It has been the College's constant effort to produce all-round development in the students, including sports. As sports and games have a direct bearing on the physical and mental health of young people, good sportsmanship and competitive spirit is encouraged every time they step onto the field/court.

The objectives of the college sports policy are:

- 1. To motivate students to become part of the ongoing recreational and competitive sports programme.
- 2. To inform the students about the benefits of being involved in active lifestyle.
- 3. To involve faculty members to assist the college and Sports and Cultural Committee in promoting, organizing the college sports programme.
- 4. To feature 'Sports Hours' in the academic calendar and to assign a faculty member to monitor the students' presence in the activities conducted during sport hours/week.

The College will endeavour to:

- 1. give priorities to sports and shall consider it as an integral part of the college academic programme.
- 2. make available necessary funds and infrastructure to implement the policy to its fullest.
- 3. encourage/invite talented sportsmen to join the college.
- 4. make provision in the college academic calendar so as to involve students in competitive as well as recreational sports.

For the successful implementation of the policy, the Sports & Cultural Committee:

- 1. will organize, supervise and administrate competitive, recreational and leisure time sports activities like college week celebration, inter college completion etc.
- 2. will maintain a stock register for issuing and returning of sport items.
- 3. will be assigned to be the caretaker of all the sport items.

will arrange for professionals in the field of sports to coach the students

## **Green Policy Document**

Sohra Government College is located in an area which is world renown for its picturesque landscape and waterfalls. Surrounded with such a background the college is also committed to maintain and sustain a healthier and safer environment for its community.

Therefore, the college had come up with the following Vision to be environmentally responsible:

- To try and use an alternative form of energy, i.e. solar energy.
- To try and reduce waste material.
- To create environmental awareness among the student community.
- To promote positive, safe and healthy environmental ethics within and beyond the college premises.
- To take part in various activities related to propagation of environmental development, preservation and conservation.
- To organise campaigns and programmes against environmental pollution of all forms.
- To organise tree plantation programme at least twice a year.

# Institute Policy for Differently-abled students:

Sohra Government College, being the only College in the area, strive to be an inclusive, affordable and holistic institution. The College is open to students from all backgrounds and categories. Its policy to accommodate the Reserved Categories, including the Differently-abled students is in place, and approved by the management.

The College strives to build special infrastructure to differently abled students so as to make their learning experience at par with other students of the Institution.

### **Objectives:**

- To enhance the quality of life of differently-abled students by providing basic amenities.
- To promote parental involvement.
- To aid and support deserving persons with disabilities whenever necessary.
- To motivate and upgrade their capacity and skills.
- To provide equal educational opportunities to disabled students.
- To provide special devices and facilities to higher educational institutions.
- To enhance learning experiences of such students.

### **Policy:**

- (1) To suit the special needs, our institute has created special facilities such as ramps to the Class rooms and toilets.
- (2) To address the accessibility issues pertaining to disability, the College Campus is free of steps in all its approach roads.
- (3) During the examination extra time will be given to the differently-abled students. Visually impaired students will be given volunteer students as 'scribes' by the College.
- (4) Special seating arrangements are provided to them.
- (5) The Institute will facilitate the students' application for Scholarships entitled by the Differently abled students, especially those provided by the Department of Empowerment of the Differently abled Persons under the Ministry of Social Justice, Government of India.
- (6) The College will reserve the front seats for Differently Abled students in the all class rooms to enhance their teaching-learning process.
- (7) Special permission for entry to Parents will be given to drop and pick their wards from the college.
- (8)
