Good

No suggestions

Best

More digital class

Very good

Nothing

1. They taught us very well with great example.
2. They communicate with us for solving our problem.
3. They guide us how to study to score more marks.

The teachers are very excellent,they shows how how to this and that in the college and something that's good and they teach us how to be a good person and how to get a job and how Tobe a smart and great person ..thankyou

1. The teacher should use more of the ICT tools and LCD projector in the institute.
- 2.The teacher should follow up the student especially those who are weak in studies

- 1.Use better graphics and visual media to egage students well
- 2.Try to reach every Student and ask for their doubts
- 3.Make teaching a two way interaction

All and everything is good and good

(1) good and knowledgeable teachers (2) we need smart class (3) overall good

1.use better graphics and visual media to engage students... 2) Try to reach every student and ask for their doubts. ... 3) Make teaching a two way interaction.

1- usage of ICT tools should be increased

Use technology in the classroom

Using visual graphic,Communication with students and Behaviour modifications

Use better graphics or visual media to engage student well,try to reach every student and ask for their problems,make teaching a two way interaction.

Try to provide more book in the library,use a better graphics and visual media to engage students well,try to ask students for their doubts

1. To provide teaching learning digital equipment.
2. To provide more books in library as for requirements.
3. To bring more about teaching employability skill.

- 1.Sound System
- 2.Practical

No suggestion needed or required the teaching learning process was effective

- 1.Components of living things.
- 2.foundations of chemical reactions.
- 3.Ellectrict fundamental.

- (1) Good and knowledgeable teachers
- (2) We need smart class
- (3) Overall good

The teacher should organise a field trip like study tour  
They should show the tricks on how to study to some student who cannot study easy type questions

Smartclass should be used

The syallabus is really confusing actually  
It doesn't seem fit for 1st semester but we can walk through it.  
I don't have mush to say actually nor suggestions i'm just filling this because i can't submit it unless i fill this part, Thank you I hope you would have a great day ahead.

- use better graphics and visual media to engage students well
- Try to reach every students and ask for the doubt
- Make teaching a two ways interaction

- (1) try to reach every student and ask for their doubts.(2)make teaching a two way interaction.
- (3)use better graphics and visual media to engage students well.

- 1) use ICT tools like multi media
- 2)Try each student and ask their doubts
- 3) make teaching two way to interaction

Using smart class  
Friendly atmosphere  
Interaction

### New technology

- 1) use better graphics and visual media to engage students well
- 2) try to reach every student and ask for their doubts
- 3) make teaching a two way interaction

Lack of using projector, and we still need it.

Teachers are doing their best to upgrade the students and if regarding suggestions i would like to stress on the facilities of the rooms and this too we are going to get. Also getting attach with other colleges conducting education tour.

### Un regular use of ICT tool

1. to keep doing goods things
2. learn something new.
3. to inspire those who don't want learn

Three observation to improve the overall teaching learning experience in my institution as below; Firstly, When i read all the choose questions i guest it feel beter for me to understand what i have learnt. Secondly, I belief it will be like as i said before. Lastly, I dont have any other words to say but I just would like to bring success in our future life.

1. Teachers should personally discuss with the students regarding his/her problems that he/she faced with attending classes.
2. Teachers should avoid altogether regarding providing suggestions before the internal tests as this will create difficult tasks for him/her to prepare for the final exams.
3. Teachers should check the students properly before entering the exam hall to avoid committing of unfair means by the students.

- 1). Implement interactive teaching methods: Encourage educators to incorporate interactive activities, discussions, and practical applications into their lessons to enhance student engagement and understanding.
- 2). Foster a technology-friendly environment: Provide adequate resources and training for both teachers and students to effectively integrate technology into the learning process, promoting a more dynamic and modern educational experience.
- 3). Prioritize individualized support: Establish mechanisms for personalized feedback and support to address the diverse learning needs of students, creating a more inclusive and effective learning environment.

It will be more better if we have a digital classroom

It will also be more better if we have more books in our library

1. try to reach every student and ask for their doubts
2. make teaching a two interaction
3. use better graphics and visual media to engage students well

(1) use better graphics and visual media to engage student well. (2) Try to reach student and ask for their doubts. (3) Make teaching a two way interaction

None

1. Try to reach every student and ask for their doubts. 2. Use technology in the classroom. 3. Use technology games based on teaching.

Promote the experience based learning

1. Promoting mental health resources
2. Research opportunities
3. Invest in professional development

Clever. Respect and wise

- 1 Try to reach every student and ask for their doubts
- 2 Make teaching a two way interaction

3 Use technology in a classroom

1. Attend class regularly.
2. Always be free and frank to ask any problem solving from the teachers.
3. Listen to the teachers while they are explaining the lessons in the class.

Library, need play ground, need smart classroom

1) We need more books in our library, 2) Foster effective Parent - teacher relationship, 3) Focus on student-centred learning.

The teacher in our institutions try the best they are hardworking and complete the cost in a perfect time

The three suggestions to improve the overall teaching and learning in the institution the questions number 1, 14 and 17

1. Use better graphic and visual Media to engage student well
2. Try to reach every student and ask for a doubt
3. Make teaching two ways interaction

Interaction between teachers and students

1. we can communicate with them easily when we have the problem
2. they taught us excellently with great example by showing smart class
3. they guide us how to prepare exam and how to score

Knowledge, Skills and activities

I request to the teachers kindly inform the students before hand if they take leave because it is of no use to come to the college without the teachers.

We need more ICT class  
Proper wifi needed inside and outside the classroom

Hardwork

Friendly,kind and active.

- 1.Use digital game based learning
- 2.distibguish between student
- 3.Promote collaborative learning

Use ITC tools such as LCD, Projector, Multimedia

The college are good,the teacher are very good

- 1.Use better graphics and visual media to engage students well
- 2.Try to reach every student and ask for their doubts
- 3.Make teaching a two way interaction

Good teaching

Lots of experience and improvement  
Excellent skills and techniques..

- 1) Use better graphics and visual media to engage students well. ... 2) Try to reach every student and ask for their doubts. ... 3) Make teaching a two way interaction.

Shortening the time table by having continuous classes instead of multiple breaks  
Making use of the projectors often

It's okay

- (1) The teachers should use the Smart class to enhance the concentration of the students. (2). There should be a school bus to carry students from far off distance.(3).There should be a hostel for both the boys and the girls from far flung areas.

Always fair, excellent, stronger workhard

More field trips for educational purposes

The following are:

- 1)Promote collaborative learning
- 2)Focus on behavior modification
- 3)Promote the experience based-learning.

1. to give more extra co curricular activities
2. field trip visit or exposure to importance places
3. Unity and discipline

It's very good and helpful a lot

1. Cooperation method is the one that brings about an active teaching learning.
2. Field trip or excursion allows students and teachers to experience class lessons properly.
3. Inquiry method should be promoted.

123

Friendly, active and understanding

1. Eye contact with the students while teaching,
2. Communication is a must,
3. Austerity.

- 1) use ICT tools like multi media
- 2) Try each student and asked their doubt

3. Make teaching a two way interaction

- 1) Use better graphics and visual media
- (2) try to reach every student and ask for their doubt
- (3) make teaching a two way interaction.

Promote collaboration learning, use technology in the class room, promote the experience based learning.

More projector are needed , need labs ,

good

Make teaching a two way interaction

To improve the quality of education need

1. modernisation of curriculum
2. method of teaching and quality teacher's
3. Infrastructure facilities

They guide, teach and are hard working teachers 🥰🥰🥰

Well done

Feedback, problem solving and classtest.

Knowledge, skill and activities

1)we need more books in our library, 2)Focus on student-centred learning, 3)Foster effective Parent- teacher relationship

It might be better if we had a revision on the courses/chapter finished  
Guiding the students with low ability

1. Teachings should be based on quality teaching rather than quantity.
2. Teachers and the college staff should encourage student to participate in sports and curricular activities.

Regularly, significantly,to a greate excellent

Use of ICT tools LCD projector Multimedia etc

Knowledge, skill and activity

Eco friendly .to make the students attrack to come to college and feel comfortable. .and hardwork especially in studies..
